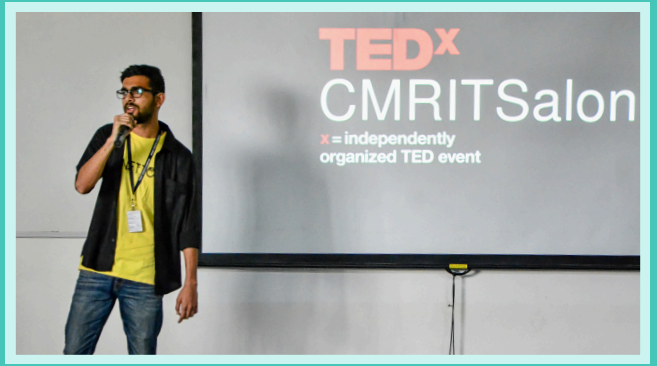
EK NAYA

RAPPER | WRITER

I can make you dance.
And I can make you think critically!

JOURNEY

I started listening to Hip-Hop in 2012 and picked up the pen for the first time in 2014. I have been doing poetry on beats since then. Performing live at various events, making singles, and collaborating with fellow artists have helped me level up my skills.



VISION

With a vision to convert non-listeners of Hip-Hop into listeners, I aspire to open a new chapter of Desi Hip-Hop. From narrating my personal experiences in my life to writing on social issues in the hope of bringing a change in society, I have come a long way.
Music can bring a change, and I aspire to be a part of it.
